

## **A Christmas Card**

Roger Montgomery

May the Prince of Peace that came to earth  
Fill your heart with His love  
May the Santa Claus of your life  
Bring you what you've been dreaming of.

May you pick all of life's roses  
Without ever touching the thorns  
May you walk through many winters  
With a heart always this warm.

May this season linger forever  
With its memories never far away  
May your life be as happy all year  
As it is on Christmas Day.

May every sacrifice you make this season  
Be for someone for whom you care  
May your heart be specially gladdened  
Each time you stop to share.

May this love that warms you today  
Warm many other hearts too  
May you never tire of giving  
Cause that's the way God is too.
