

**Offering Grace**  
Roger Montgomery

God is offering us judgment  
But that is such a waste  
He is also offering us mercy  
He is also offering us grace.

To go to heaven is such a blessing  
To go to hell is bad taste  
With sin we are getting fed up  
But God is offering us grace.

And He is giving us choices  
And your choice you must face  
He will ask you in person  
Did you choose judgment or grace.

Jesus is showing mercy  
You don't have time to waste  
Time may choose for you  
Today is the day of grace.

An act of your will  
Soon you will have to face  
There's only one good answer  
And that is called God's grace.

Only you can make the choice  
One choice each for the human race  
I have chosen God's mercy  
I have chosen grace.

That's the choice the Bible recommends  
And when God you have to face  
I'm sure God will smile on you  
If you also chose His grace.
