

Coming Down
Roger Montgomery

Will this world soon be destroyed
Will this world stop turning around
People are searching for answers everywhere
And wondering what's coming down.

They know something is happening
In problems they are starting to drown
They know there's something in the air
They know there's something coming down.

We're going through so many things in this life
Sometimes we're up and sometimes we're down
We are afraid of the unknown and left wondering
Knowing there's something coming down.

We can't put our finger on it yet
But we know this world is not too sound
We still can't shake this feeling in our heart
There's something big coming down.

One thing we can know for certain though
In the Bible, the answer can be found
We need to start looking up about now
There's something coming down.

You may laugh at what I'm saying
Or you may even sit and frown
But there's a feeling in the air
There's something coming down.

And His name is Jesus Christ
Listen for the trumpet to sound
He is coming in the clouds
Jesus is coming down.

He will set up His kingdom soon
How about passing the Word around
He will come before too long
Jesus is what's coming down.
