

## Counterfeit

Roger Montgomery

I found some money one time  
But I didn't cash any of it  
It didn't have the right feel  
I knew it was counterfeit.

It looked pretty good  
My eye couldn't spot the imperfections in it  
But the paper just didn't feel right  
And I knew it was counterfeit.

The money had been copied  
But I knew something just didn't fit  
I really had that feeling  
I knew it was counterfeit.

Religions may seem to be OK  
But after a little bit  
You will get the feeling  
That they're probably counterfeit.

Have you ever been deceived  
Are you getting sick of it  
Why not receive the real thing  
And reject the counterfeit.

Jesus is the real thing  
If you want the real thing, don't quit  
He has spent Himself on you  
There's nothing about Him counterfeit.

Don't take any wooden nickels  
Don't be a con man's next hit  
Come to Jesus and be free  
Everything else is counterfeit.

Just start thinking it over  
And after a little bit  
You can tell the real thing  
From the counterfeit.

You are believing something  
Has it occurred to you yet  
The real is the best deal  
It's better than the counterfeit.

If you are going to work  
This is one sure bet  
Jesus will never let you down  
Like one that is a counterfeit.

Everyone will have a payday  
Don't take a rubber check  
Jesus pays with His own blood  
Everything else is counterfeit.
